M. P. GLASSWORTHY

TO THE TOWER!

In the 15th and 16th centuries, Europe's literati and Illuminati gathered annually at Glassworthy Manor for the prestigious Glassworthy Cannabacchanals. Each year, M.P. Glassworthy selected the nine most interesting guests in attendance to experience the ritual of the tower.

They would sip strong whisky and smoke MPG's most potent varieties. If their high was deemed worthy, they would ascend the 420 steps to the tower's peak, and legend has it, from this spot could see in-focus visions of their most profound theories and creative expressions.

In homage to this supreme high, when it is time to partake of the finest cannabis, we proudly proclaim, *TO THE TOWER!*
